It is with great gratitude that I wish to thank you and the organization that you lead, ITME Society, most sincerely for facilitating the just ended GTTES from 21-23 February 2025 in Mumbai.

The show served as a platform for fruitful interactions, facilitating dialogue and cooperation between stakeholders from the textile industry both within India and abroad. By bringing together industry leaders, policymakers, and other key stakeholders, the event presented opportunities for mutual growth and prosperity for all the participants.

India ITME Society has emphasized the needs of the Textile Industry through GTTES, an exclusive show to capture the World's attention on strengths & opportunities of Global Textile Industry, with special focus on Industry segments. The GTTS was conceived with the vision to meet the need of the textile industry, spinning sectors, small medium buyers keeping in mind their requirements, this particular event has given an excellent platform to weaving industry, processing industry, knitting segments etc. It was a good learning experience of the textile industry of India and gave an opportunity to interact with many stakeholders of Indian Textile industry under one roof.

I wish to reiterate that I remain eternally grateful for the opportunity to attend this year's event and interact with interesting businessmen and women whilst there. I look forward to being invited to more events of this nature in future.

Yours sincerely,
