(India ITME Society)*

*is a non-profit apex industry body  
established in 1980  
with sole motto to support & serve  
the Textile Engineering Industry  
through Exhibitions & Events.*

*Born out of necessity,  
and nurtured with perseverance,  
India ITME Society has established itself  
as a catalyst and initiator of change,  
influencing Textile Engineering  
and Textile industry  
beyond geographical borders  
of its country of origin.*

*An idea to take India to the world,  
spearheading a new momentum.*

# PREAMBLE

*Late 70's ,the textile industry in our country  
was unorganised and scattered  
into pockets around the country,  
labour was intensive,  
and textiles were basic need for a growing country.*

*Unfortunately the then existent policies  
had curbed industrial growth in India,  
with heavy taxation on imports.*

*India was nowhere on  
the textile map of the world,  
though it had the potential!*

*It was time for an awakening,  
a time to see an opportunity within  
the framework of a weakness,  
and convert that opportunity into strength.*

# GENESIS

*In 1979, five organisations,  
TMMA, ITAMMA, CITI, TAI and BIS (a Government of India body),  
under the visionary leadership of Shri Suresh Mehta,  
came together, with a unique vision  
to set up a non profit Exhibition Society,  
which will hold  
International Textile Engineering Exhibitions every 4 years.*

*The idea was to create a  
single platform for both global and Indian manufacturers  
to showcase the latest developments  
in the textile machinery sector.*

*At that time such a bold step was  
perceived to be highly precarious!*

*But this step wrote a new chapter in the history  
of the textile engineering sector.  
India ITME Society catapulted  
Indian Textile Engineering  
onto the global arena.*
